From:  
Peter Donahue  
West Hartford, CT

I am writing in opposition to HB6656 - AN ACT CONCERNING LIABILITY INSURANCE FOR FIREARM POSSESSORS OR OWNERS.

This bill will by default transfer the legislation on gun control from the legislature to the insurance companies.

Liability insurance may become a financial burden preventing people from exercising their right to protect themselves.

Also I would assume the the insurance companies would have the right to deny coverage as they see fit, again denying the right for self protection.

For these reasons I am in opposition to his bill.

Thank you
